

Gardening Club

Run by: Mr Sadler and Ms Cherriman

Time and day: Monday from 3.20pm – 4.15pm

Cost: No charge

Suitable for: All children

What we do: We plant flowers and vegetables and look after them by watering them; we also go around the school and make sure our school grounds look really nice.

We asked some of our gardeners what they enjoy about gardening.

This is what they said: Alice: "I like that you get a choice of what you do."

Jamie: "I enjoy planting the plants in our school beds."

Marley: "I love doing the watering and planting."
